

Rate Card

Effective July 9, 2026

aggressive, not cheap. These rates should read as a specialist, not a commodity freelancer — priced to filter for serious engagements while still winning good-fit smaller work.

HOURLY RATE

\$75/hr

ad-hoc, scoping, small revisions

RETAINER

\$3,000–\$5,000/mo

ongoing maintenance + feature work, priority response

Price bands by service category

CATEGORY	RANGE	NOTES
Marketing / brochure site	\$1,250 – \$3,000	Portfolio-style site, templated AI-generated design, few pages
Multi-page site / web app	\$3,000 – \$9,000	CMS-backed, custom interactivity, more than ~6 pages
E-commerce	\$5,000 – \$15,000	Storefront, payments, inventory, order management
Automation / integration tooling	\$3,000 – \$7,500	Scheduling, browser automation, deploy tooling, API glue
AI integration	\$6,000 – \$20,000	LLM features added to an existing product — chat, RAG, agents
AI calling & SMS	\$7,500 – \$22,500	Voice/SMS AI agents, telephony integration, compliance, latency-sensitive
Authentication	\$2,500 – \$7,500	SSO/OAuth, MFA, session infrastructure, standalone hardening
AI model hosting & fine-tuning	\$10,000 – \$30,000	Custom model deployment, fine-tuning pipelines, inference infra
Mobile apps	\$10,000 – \$30,000	Native or cross-platform
Cloud platform / infra build	\$7,500 – \$25,000	Multi-service architecture, IaC, scaling
Full product build	\$20,000 – \$60,000+	Multi-month, full-stack + AI + infra (UltraChat-scale)
